

WINTER'S KISS at Rim Rock Trail

from the CD - *Paint the Forest Winter*

Today we feel the bite and sting of cold winter wind while hiking the bluffs of Pounds Hollow. With each gust we feel winter's kiss in the air. Winter has finally come to the forest. The last of fall colors fading into brown, the sting of north winds, and the restless deer and flying geese calling overhead create a new landscape. We know with each cold wind gust that it is a long time until spring.
